

Gloucester High School
Virtual Virginia Summer 2022 Course Opportunity

Dear Students and Families:

Gloucester High School is pleased to offer the opportunity for a limited number of interested GHS students, as well as eligible middle school students, to earn **initial high school credit** during the Summer 2022 session through **Virtual Virginia**, the fully-accredited online classroom platform from the Virginia Department of Education. The target audience includes students who demonstrate above-average ability, strong academic effort and commitment, and the maturity to work independently, asynchronously, and follow an ambitious course schedule.

Students who enroll in a **Virtual Virginia** course during Summer 2022 will:

- experience a comprehensive, rigorous, autonomous, and fast-paced learning opportunity with the support of a licensed, endorsed content-area teacher;
- demonstrate independence by engaging in virtual learning from home or any other location with Internet access (school computers may be available, as well);
- earn high-school credit and have the opportunity to explore additional course offerings at GHS.
